Home Theater - HDMI Display-side Wallplate w/Signal Booster

Highlights

- Feed Through HDMI Wallplate
- Active Built-in Signal Booster allows a HDMI signal to be displayed on a monitor up to 150ft from the source
- Helps keep Home Theater installations clean

Description

With Tripp Lite's HDMI Display-side Wallplate w/Signal Booster, you can now hide that HDMI cable that's connected to the Flat Screen HDTV hanging on the wall, by running the cable behind the wall and into the back of the faceplate. The built-in signal booster allows the video source (DVR, SAT box, etc.) to be located up to 150ft from the monitor. Where distance limitation is not an issue, see Tripp Lite's Passive Feed-Through Wallplate, P166-001-P.

Applications

- For use when Digital Video source equipment is located beyond the 5 meter HDMI length limitation.

Package Includes

- HDMI Display-side Wallplate w/Signal Booster
